SENATOR PERLEY

Explains His Position on N. W. Assembly Laws—Opposed to Responsible Government.

The Ottawa correspondent of the Winnipeg Free Press says:—In a recent despatch I pointed out the muddle in which matters were in here regarding the visit of the Northwest delegation seeking enlarged powers of Government for the Territories, and the views of the representatives in Parliament from the west thereon. Senator Perley had not expressed his views on the interview they had with Mr. Dewdney, and therefore I said, "if he was rightly understood he was opposed to any change." To this the senator says, "I am opposed to responsible government for the N. W. T.'s. We are not, in my opinion, in a position to take upon ourselves such a load financially as would be natural to follow such a system. We could not reasonably demand of the federal government sufficient funds to carry on the government as no doubt would be required without resorting to direct taxation, which I am certain the people would not desire. On the same grounds I am opposed to a division of the Territories, as we need the funds more for other purposes than the increased expense of government, which would have to be the case if a division were made."

"I am now and always was opposed to the advisory board system, and while we do not want responsible government in the full meaning of that term, we do want control of the moneys that are voted for schools and public works and minor other matters in the Territories. In my opinion if an executive committee was formed from among the elected members in a similar manner as a government is formed in the other provinces, having only the responsibility of the administration of the local revenue and such sums of money as are above enumerated, together with legislative powers of a local character, the people would be satisfied. I would also suggest that the legal experts be done away with, and in lieu thereof a law clerk be appointed, and I would here add that it would be important to have a good man selected for that position who would properly frame and prepare the bills and ordinances. This executive would be responsible to the assembly for the administration of the affairs under their control and in case of a vote of want of confidence being carried against them, they would resign and another committee be formed. The governor should have power to dissolve the assembly. Members of this committee would not require to be elected by their respective constituencies on taking office on the committee."

"They should receive five hundred dollars each in addition to their sessional indemnity for their services on said committee. The sessional allowance of each member of the assembly should be \$400 and not \$500 as is the case now. The \$500 is more in proportion than is paid any member of other parliaments in Canada, and in proportion to the work they have to do. They should have power to legislate on schools and dual language, and not on prohibition. Prohibition, so-called, should be a Dominion act, and not local. I am most decidedly opposed to going back to the old system that prevailed under the Hon. Mr. Dewdney—the so-called one-man power. While in my opinion the system that was followed at that time met the requirements of the people, it would be far from satisfactory now, and, if possible, would be more unsatisfactory than the present system. Such a system as I devise would prepare the way and educate the people for full responsible government, which would certainly follow."

Pain After Amputation.

The theory that a man can feel pain in an amputated limb is still a subject of controversy, says the New York Tribune. A physician who believes it says: "Many of the nerves that furnish communication between the brain are not injured in their activity by the amputation of their lower portion, and convey sensation as readily as ever. The brain fails to recognize the fact that the function of the nerve has changed, and that the part in which it formerly terminated exists no longer. Therefore, when a sensation is felt conveyed by a nerve that in the unamputated body led to the foot, the feeling is the same as if the foot were still in place. If certain nerves in an amputated leg be touched the feeling is exactly the same as if the foot were touched, and the sensation of pain is felt, not where it is applied, but where the mind has been in the habit of receiving communications from the nerve in question."

A FATAL ACCIDENT.

C. P. R. Freight Train Goes Through a Burning Trestle.

Fireman Irving Killed and Brakeman Tenny Fatally Injured—Engineer Morris and Brakeman Jamieson Have Broken Legs.

CALGARY, May 28.—The train from the west was twelve hours late to-day and various rumors of an accident were in circulation. On the arrival here of the train the following particulars were learned from passengers:—A freight train consisting of sixteen cars was coming east and on reaching a trestle about four miles west of Revelstoke the engine went down, taking with it the tender and the whole train. Fireman Irving was killed outright and Engineer Morris had his leg broken in two places. Brakeman Jamieson had his leg broken in two places while brakeman Kenny of the Kamloops Vancouver division, who was taking a holiday and riding on the engine, was badly scalded about the breast and body and is not expected to live. The unfortunate men were under the debris for some three hours before they could be extricated. Fortunately the trestle was over a creek and the wreck was saved from fire. There was a car of horses on board, some of which were killed. Nearly all the cars were badly wrecked. The wreck was caused by the trestle having taken fire. A temporary track was built around the place, over which passenger trains were run. Everything possible was done for the sufferers, but it is thought that brakeman Kenny cannot recover.

Don't Miss It.

A new and attractive publication containing many useful, interesting and instructive features has just been issued by T. Milburn & Co., of Toronto, under the title of the Burdock Blood Bitters Almanac for 1891. It is now in the hands of the druggists and merchants for free distribution and we would advise our readers to secure a copy before the supply is exhausted.

Elegant Prizes for Ladies.

The Publishers of The Canadian Queen, Toronto, Canada, are offering two new prizes consisting of a pair of Shetland Ponies, carriage and harness, a Free Trip to Europe, first-class up-right piano, two weeks vacation to any summer resort in Canada or the United States, all expenses paid, safety bicycle or tricycle, one hundred dollars in cash, suite of parlor furniture, ladies' gold watches, etc., etc. This magazine has become famous on account of its prize competitions. Hundreds of Canadians have won valuable prizes in previous contests. Sample number of The Queen with full particulars, will be sent by the publishers upon receipt of the address of any lady and four 3 cent stamps. Address, The Queen, Toronto, Canada.

Squatters on School Lands to be Removed.

The Department of the Interior intend taking immediate and vigorous steps to have squatters removed from School Lands in Manitoba and the Northwest.

An old farmer of Michigan, writing about smut in wheat says: "I would like to ask if so called smut spores cause a small brown or smut colored bug to hatch and come out of every kernel of wheat? If not, how happens the bug to be there? Now, I have a theory as to the cause of smut in wheat, and it is based on that identical bug. It is a well known fact that some of the great insect tribes use our fruits, vegetables, grass, weeds and leaves to propagate their species, and in all cases where so used the plant is injured by its use. I think smut in wheat is caused by eggs being laid in the kernel when in the milk, which kill the kernel and cause the juices to evaporate and turn to smut."

Work on the Calgary and Edmonton railway is being pushed through with rapidity. The bridge across Bladman is now in a position and the grading has been completed for five miles further on. The rails are being put down.

THE KEY STROKE.—Regular action of the bowels is the keystone of health. The use of R. B. B. insures it and cures constipation, dyspepsia, etc. Miss F. Williams, 445 Bloor Street, Toronto, writes:—"Have used your Gardock Blood Bitters for constipation and pain in the head with great success. I improved from the second dose."

Secy.-Treas.

We learn that Professor Robertson,
Dominion Dairy Commissioner, will in
all probability visit Manitoba and the
North-West again in the course of a
few weeks. A programme of dates
and places will shortly be published.
It is also likely that a competent
person will be appointed to visit var-
ious points in the Territories and Mani-
toba during the summer months—pro-
moting the establishment of cheese
factories and creameries and giving in-
structions in dairying.

Mrs. A. Wilcox left for her home in
Owen Sound, Ont., where she will
spend the summer.

The drought question is a thing of
the past in this district. On Thursday
last it began raining and continued
almost constantly for two days and on
Monday night we had another beauti-
ful rain. Although the crops in this
district were not suffering it will help
the late sown grain wonderfully.

conducted by the present proprietor,
Mr. Smith, has become widely circulat-
ed among the travelling public, and the
result is that the accommodation had
to be increased.

Inspector Rothwell is doing good
work in arousing among the teachers
of his Inspectorate an interest in Con-
ventions. He was present at the Wol-
seley Convention and aided materially
toward its usefulness, and now he is
making arrangements for a Convention
at Regina in June or July—the date
not being yet fixed. He intends hav-
ing a convention at Moose Jaw in the
autumn. We hope these will be the
beginning of a series of Conventions
begun by the Inspectors in the North
West.—Leader Educational Column.

Mr. E. B. Fink, the C. P. R. train
dispatcher, who has been promoted to
the chiefship of the Moose Jaw division
was waited upon by the conductors of
the Brandon division a couple of days
ago and presented with a complimentary
address, which gave expression to
the high appreciation of the recipient by
the conductors. Accompanying the
address was a handsome gold chain and
buckle, also a massive piece of silver for
Mr. Fink. Mr. Fink has many friends
in Winnipeg, and especially on the
C. P. R., whose good wishes follow
him to his new field.—Tribune.

Young Pigs for sale at Nicollet's Ranch.

The official figures have been issued
from Washington giving the exports
and imports of the republic for the
year ending December 31, 1890, and
the last three months of that year.
The figures relating to Canada show
that the exports for that year to the
several provinces of domestic produce
amounted to \$38,829,367, as against
\$40,973,317 in 1889; the imports in
1890 from Canada were \$39,830,294,
compared with \$39,322,578 the previous
year. For the three months of 1890,
namely, October, November, December,
the imports from Canada were \$10,983,
136, as compared with \$12,955,660
for the last quarter of 1889. The ex-
ports of domestic produce to Canada
also decreased, falling from \$10,158,
556 for the final quarter of 1889 to \$9,
205,136 for the same period last year.
The details of goods shipped are not
given, but the ports of entry and de-
parture are, from which it is learned
that the most marked decrease is in
the amount of shipments received from
Canada at the border and lake ports, as
well as the ports on the Pacific coast.

WINTER SPORTS.—The gay winter season
exposed many to attacks of cold, coughs, bron-
chitis, tightness of the chest, asthma, bron-
chitis, etc., which requires a reliable remedy
like Haggard's Pectoral Balm for their re-
lief and cure. Known as reliable for over
thirty years. The best cough cure.

PIONEER.

Breaking has begun and every farm-
er is busy turning over the sod. Since
the rain the breaking is magnificent.
A large acreage will be broke up this
season.

Mr. S. K. Rathwell is busy at his
new residence on his homestead.

Mr. Kenler, wife and family arrived
last week and are the guests of Mr.
and Mrs. Alex. Wilson. Mr. Kenler
is a carpenter by trade, but he is so
struck on the farming land in this dis-
trict, that it is altogether likely he will
retire from his old trade and start
farming.

We hope that the people of Moose
Jaw and surrounding district will not
forget to attend the picnic to be held
at Pioneer Lake July 13th. A good
programme of sports has been arrang-
ed, and a good time may be looked for.
The Orange flag will wave for the
first time in this district. The object
of this picnic will be to raise funds to
help build an Orange Hall. Every-
body welcome.

Another base ball club has been
formed here. The boys think that the
Moose Jaw second nine cuts no figure.

The following are the number of
marks obtained by the pupils of the
Pioneer Public School for the month of
May:—4th Class—Robert Zess 737.

John W. Heron 80; Albert Smith 60;
Violet Rathwell 28.

Miss RUTLE, Teacher.

PASQUA.

We have just finished the erection
of a beautiful school house. Mr. R.
Allison, who had it in charge completed
the work in his usual good style. Miss
A. McLeod, of Moose Jaw has been en-
gaged as teacher for this term.

The crops here are in excellent
condition. A large acreage is under crop
here this spring and prospects were
never better for a good harvest than
they are this year. The hay crop can't
be beaten, there will be plenty of first
class hay right at home. Pasqua is all
right! We will be able to give a good
account of ourselves this fall.

A Liberal Conservative Association
has been formed here with the following
officers:—D. Dustin, President; J. W.
Stevenson, Vice-President; R. M.
Allison, Secretary; J. D. Hughes,
Treasurer.

Mr. Spicer preached his farewell ser-
mon here on Sunday last.

We would like to hear from Rev.
Mr. Clay, as there are a number of
Presbyterians here who would appre-
ciate a visit from him very much.—Cos.

BOHARN.

The farmers are rejecting over Satur-
day's rain.

Mrs. J. Latham loaded a car of
wheat last week.

The trustees of the Pioneer School
District sat as a Court of Revision on
Saturday last.

Rev. W. L. Clay preached at the res-
idence of Mr. Getty on Sunday evening.

G. C. Paisley has rented Mr. T. D.
Watson's homestead this year.

Mr. Rothwell inspected the Pioneer
and Boharn schools last week.

The Orangemen of Boharn and
Caron intend having a grand picnic
at Pioneer Lake on July 13th.

CARON.

The following is the report of the
pupils of the Caron School for the
month of May. The marks are based
on deportment, regularity and general
efficiency:—3rd Class—Olive Hawkes
115; Mary Hans 32. 2nd Class—
Evert Hawkes 168; Alice Coleman
144; Edith Young 138; Julia Cole-
man 137; Sarah Hans 138; John

HAG YEL OIL.—This stands for Hag-
yard's Yellow Oil, the best and promptest
cure for all pain from the simplest strain to the
fucking tortures of rheumatism. A never
failing remedy for sprain, sore throat, and
pain in the chest.

PROCLAMATION \$500.00 Reward !

THE above reward will be paid to
such person or persons (not being
themselves principals in the crime) who
shall furnish such information as will
lead to the apprehension and convic-
tion of the person or persons who, on
the night of first day of January last
past, set fire to certain Stacks of Hay
on the Rancho of the Walrond Rancho
Company on Beaver Creek near Mac-
leod in the District of Alberta.

**JOSEPH ROYAL,
LIEUTENANT-GOVERNOR.**

Dated at the Government House,
Regina, this 9th day of May, 1891.

Homestead Regulations !

All even-numbered sections of Dominion
Lands in Manitoba or the North West Ter-
ritories, excepting 8 and 28, which have not been
homesteaded, reserved to provide wood lots for
settlers, or other purposes, may be homesteaded
by any person who is the sole head of a family,
or any male over eighteen years of age, to the
extent of one quarter section of 160 acres, more
or less.

ENTRY.
Entry may be made personally at the local
land office in which the land to be taken is sit-
uate, or if the homesteader desires he
may, on application to the Minister of the In-
terior, Ottawa, or the Commissioner of Domi-
nion Lands, Winnipeg, receive authority for
some one to make the entry for him. A fee of
\$10 is charged for an ordinary homestead en-
try; but for lands which have been occupied
an additional fee of \$10 is chargeable to meet in-
spection and cancellation expenses.

HOMESTEAD DUTIES.
Under the present law homestead duties may
be performed in three ways, and on making ap-
plication for entry the settler must declare un-
der which of the following conditions he elects
to hold his land:

1. Three years' cultivation and residence,
during which period the settler may not be ab-
sent for more than six months in any one year
without forfeiting the entry.
2. Residence for three years anywhere with-
in two miles of the homestead quarter section,
and afterwards actual residence in a habitable
house upon the homestead for three months
next prior to application for patent. Under
this system 160 acres must be broken the first
year after entry; 13 additional in the second,
and 13 in the third year; 160 acres to be in crop
the second year and 25 acres the third year.
3. The 5 years' system under which a settler
may reside anywhere for the first two years,
but must perfect his entry by commencing cul-
tivation within six months after the date there-
of breaking five acres the first year, cropping
those five acres and breaking five more the
second year and also building a habitable
house before the end of the second year.
The settler must commence actual residence on
the homestead at the expiration of two years
from date of entry, and thereafter reside upon
and cultivate his homestead for at least six
months in each of the three next succeeding
years.

APPLICATION FOR PATENT
may be made before the local agent, any home-
stead inspector or the intelligence office at
Medicine Hat or Qu'Appelle Station. Before
making application for patent the settler must
show five acres and be in possession of the im-
mersion of Dominion Lands of his intention to do
so.

INTELLIGENCE OFFICES
are situated at Qu'Appelle Station and Medi-
cine Hat. Newly arrived immigrants will re-
ceive at any of these offices information as to
the lands that are open for entry, and from the
offices in charge, free of expense, advice and
assistance in securing lands to suit them.

A SECOND HOMESTEAD
may be taken by anyone who has received a
homestead patent or a certificate of reconstruc-
tion counter-signed by the Commissioner of
Dominion Lands upon application for patent
made by him, or had carried title to his first
homestead on, or prior to, the 2nd day of June,
1887.

INFORMATION.
Full information respecting the land, timber,
coal and mineral laws, and copies of these regu-
lations, as well as those respecting Dominion
Lands in British Columbia, may be obtained
upon application to the Secretary of the Department of the Interior, Ottawa;
the Commissioner of Dominion Lands, Win-
nipeg, Manitoba; or to any of the Dominion Land
Agents in Manitoba or the North West Ter-
ritories.

A. M. BURGESS,
Deputy Minister of the Interior

HORSE AND CATTLE HERD.

The undersigned will take both horses and
cattle to herd from the town this summer.
As he will give the business his personal
supervision his patrons can rely on animals
being well taken care of and herded with
care.

A good team will be kept with the herd for
service of cows. For terms, etc., apply to
H. MARTIN,

TO CONSUMPTIVES

The undersigned having been restored to
health by simple means, after suffering for
several years with a severe lung affection,
and that dread disease Consumption, is
anxious to make known to his fellow suf-
ferers the means of cure. To those who de-
clare it, he will cheerfully send (free of charge)
a copy of the prescription used, which they
will find a sure cure for Consumption,
Asthma, Catarrh, Bronchitis, and
all throat and lung Maladies. He hopes
all sufferers will try his remedy, as it is in-
valuable. Those desiring the prescription,
which will cost them nothing, and may prove
a blessing, will please address, Rev. Edward
A. Wilson, Williamsburg, Kings County,
New York.
